Things to keep in mind when deciding what you would like listed on the trophy plate.

- Keep in mind that spaces and symbols count towards the max of 50 characters.
- We are at the mercy of the award manufacturers' layout. They allot 2 lines for the company name and 2 lines for the category name. This may cause the spacing to appear off.
- If you have any specific line breaks that you want, please let us know.

A proof of the plate will be sent to you once the order has been placed. Order will be placed after the deadline date.
